## WebCatalog

Web Interactive Electronic Catalog

- 3 levels products search (Dynamic Tree - List - Model) - Data sheets.
- 21 languages.
- Product documents management.
- Standard file download.
- Uses the same database as Liswin.

## Photoview

Photometric Data Manager

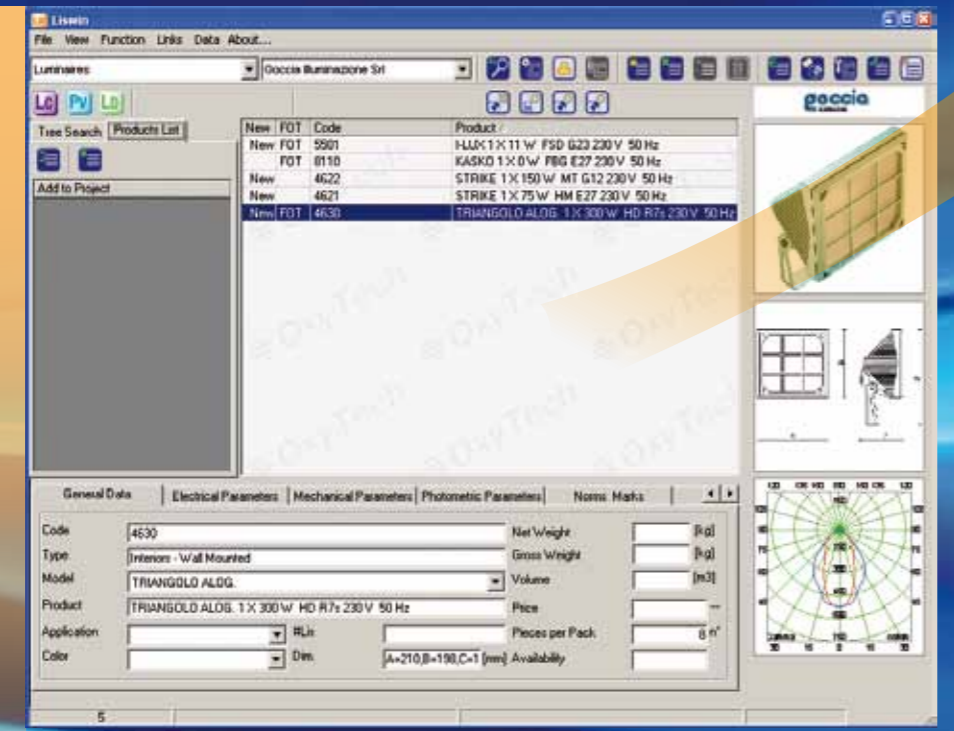

- Input and handling of any photometric file.
- All photometric graphics and tables.
- Customizable on request.

## Liswin

Interactive Electronic Catalog

- Parametrical local and Internet search.
- Data sheets management Specification manager.
- Customization on request.

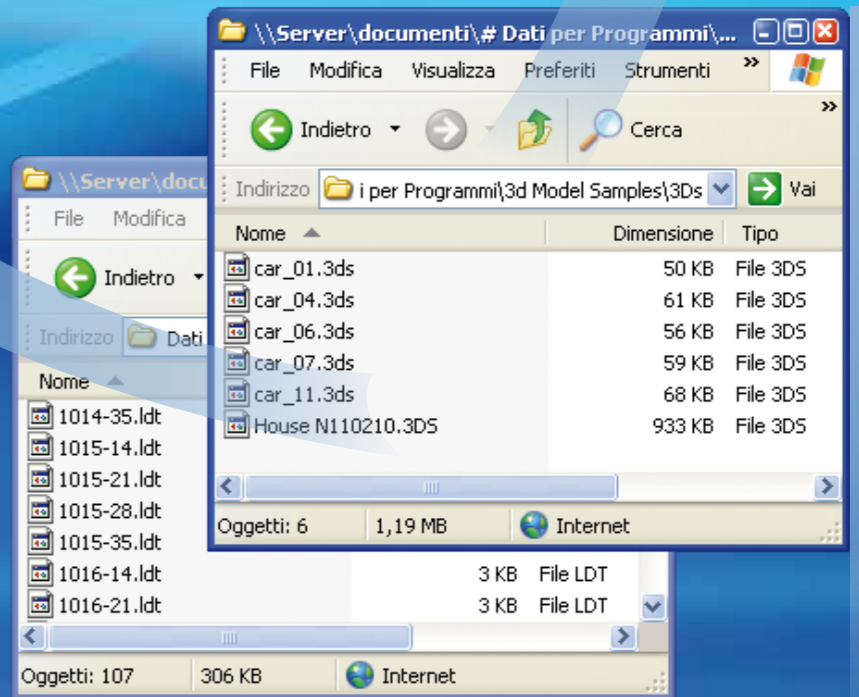

## Litecalc

Lighting Design Module

- Calculation and rendering with Photon Mapping (ultra-fast).
- ses the most recent standards including Spectral Calculation.
- Import of 3DS+Obj+Dxf 3D files.
- Import of Eulumdat-IES-OXL photometric file formats.
- Wide use of Drag&Drop features Day Lighting.
- Colored filters Lamp color temperature.

## Folder

- 2D and 3D files import (3DS - OBJ - DXF formats).
- Photometric standard files import (Eulumdat IES - OXL formats).
- Customizable on request.

All with Drag&Drop!

Available in 21 languages
